Posner "suggests", earlier first shot. Says it gave Oswald "plenty of time" to hit JFK twice. The photo caption is not easily read. CE is black on gray. In the text Mantik is less than honest and as he knows too little to understand this. It was one of the plagiarisms I attributed to Posner and heard not even a pro forma denial from him. It is from a work of propaganda by Fair use Analysis to interest lawyers in their services. Posner had what it really was and pretended he had buried that supposed study
